# Old Bernal House

San Francisco, USA

**Design Agency:** Feldman Architecture(USA)

**Designer:** Jonathan Feldman

**Total Storeys:** 2

**Floor Area:** 2300sqft

**Photographer:** Paul Dyer

One of the oldest houses in San Francisco's Bernal Heights neighborhood, this 1860's cottage sat in disrepair for years and was nearly scheduled for demolition before the clients discovered it and fell for its "diamond in the rough" quality. While the clients were

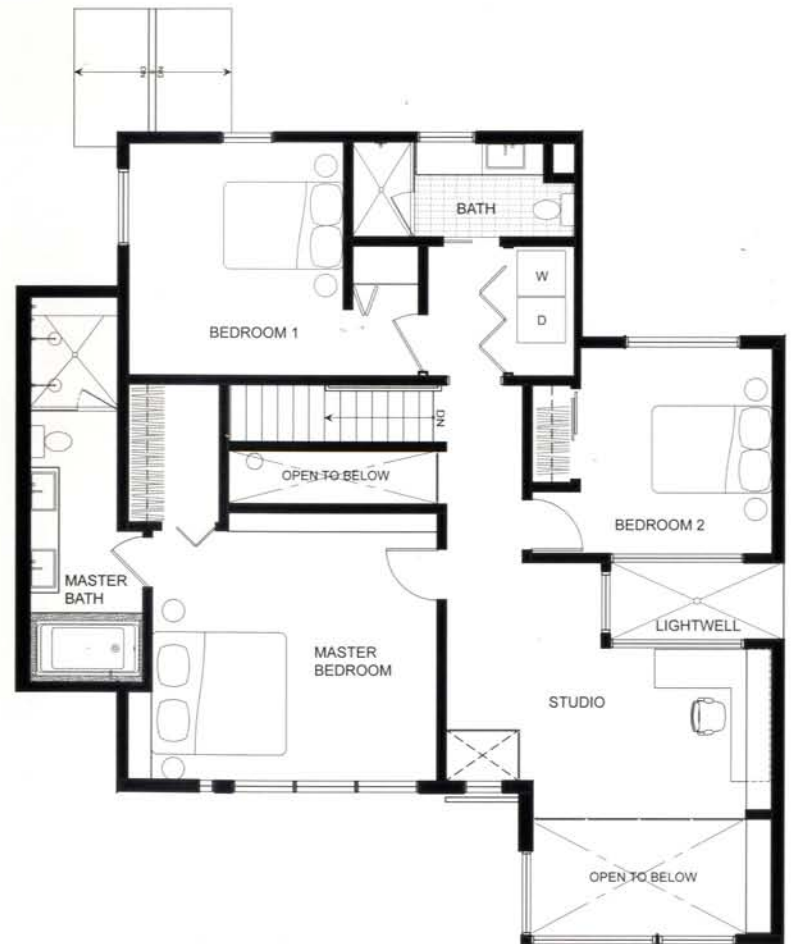

weighing the value of the home, Feldman Architecture was brought in and charged with expanding and modernizing the small, dark house while maintaining the rustic charm of the original building.
