

JUNIOR DESIGNER

Feldman Architecture is an award-winning architecture firm specializing primarily in custom residential design with a portfolio expanding to include a range of commercial projects. The studio's culture is inclusive and casual; all members of our firm collaborate with each other, clients, and consultants to create smart and sustainable solutions with conceptual clarity and precise detailing. We are seeking a highly motivated, personable, and detail-oriented individual to join our staff as a Junior Designer.

The ideal candidate has strong Revit skills, advanced experience in rendering, model building, and presentations, and a background in residential or commercial design (new construction and/or remodeling). They share our aesthetic sensitivity and commitment to environmental stewardship and possess the technical ability to work primarily as part of a team while also handling independent tasks. Exceptional verbal, graphic, and written communication skills are a must, and a sense of humor is a plus.

The position offers a talented individual the opportunity to share ideas on design concepts in a collaborative environment and to develop their own technical and design skills within a nurturing and highly knowledgeable team. At Feldman Architecture, designers wear many hats, including preparing for presentations, research, and collaborating with clients and consultants. Junior Designers have the responsibility, assisted by other staff, of engaging in all aspects of our projects, from schematic design through construction documents and construction administration.

The position is full time with a competitive benefits package that includes medical, dental, 401K, a transit plan, continuing education funds, and reimbursements for ARE and LEED AP exams.

QUALIFICATIONS

- Bachelor or Master of Architecture degree
- 1-3 years of architecture experience; 1-2 years of residential experience preferred
- Strong graphic, oral, and written communication skills
- Knowledge of construction documentation methods
- Familiarity with residential construction, including appropriate products, specifications, and detailing
- Proficiency in Revit, SketchUP, Lumion, and Adobe Creative Cloud applications

LOCATION: Flexibility to work either in Russian Hill office during Phase 1 reopening with other staff (3-5 volunteer staff, max) and/or off site (work from home)

HOW TO APPLY:

For consideration, please email your cover letter, resume and 3-5 pages of work samples (5mb files max please) with “Junior Designer” as the subject line to resumes@feldmanarch.com. No phone calls, please!

Cover letter should clearly state the following:

- Relevant residential design experience
- Level of proficiency with Revit, SketchUP, Lumion, and Adobe Creative Cloud applications
- Experience, passion or knowledge working on sustainably focused projects

We're committed to empowering a more inclusive community within our company, industry, and city. We are an equal opportunity employer and value diversity at Feldman Architecture and do not discriminate on the basis of race, religion, color, age, sex, sexual orientation, gender identity, national origin, marital status, family status, medical condition, disability, military service, pregnancy or any other classification protected by federal, state, and local laws and ordinances.
