

## JOB CAPTAIN

Feldman Architecture is an award-winning architecture firm specializing in sustainable, modern custom residential design with a portfolio expanding to include a range of innovative and exciting commercial and public projects. The studio's culture is inclusive - all members of our firm collaborate with clients and consultants to create responsive and sustainable solutions with conceptual clarity and precise detailing. We are seeking a highly motivated, personable, and detail-oriented individual to join our staff as a Job Captain.

The ideal candidate shares our aesthetic sensitivity and commitment to environmental stewardship and has the exceptional technical abilities to work primarily as part of a small team while also efficiently handling independent tasks. They have significant residential design experience (new construction and/or remodeling), as well as commercial or hospitality experience. Strong Revit skills and a demonstrated ability to detail projects is essential. Capable of coordinating consultants and project teams under strict deadlines and experienced in all stages of design and documentation, the ideal candidate approaches each project with a collaborative attitude and high integrity.

The position offers an enthusiastic, talented individual the opportunity to share ideas on design concepts in a collaborative environment and to develop technical and design skills while working on compelling projects in various phases.

The position is full time with a competitive benefits package that includes medical, dental, 401K, a transit plan, continuing education funds, and reimbursements for ARE and LEED AP exams.
